Another fantastic wagon pack. With various loads there ideal for Engineering Trip Scenarios or Ideal for static AI in yards like Kingmoor. Beautifully detailed and physics perfect and the sounds are accurate as per.. This pack is good if you want to make a track work team. I'll also buy this with a class 66 as it does go really well with it. Over all it's a 10/10.. Some good wagons here, very nicely detailed and will be good for track maintenance scenarios, The physics and textures are also nicely finished.
